IMPORTANT

The 2017 National Entry Forms must be completed and postmarked on or before September 23, 2017. Any changes to your entry data must be made in writing and postmarked prior to the entry deadline. No telephone or email entries will be accepted. Cancellations must be made by the entry deadline.

Miscellaneous Information:

- 1) Half course mill pattern will be used.
- 2) All hulls must conform to NAMBA Rule Specifications (i.e. Crackerbox, Classic Thunderboat and Sport Hydroplane).
- 3) For the Sportsman Mono, Classic Thunderboat, and various OPC Tunnel classes:
 - a. All entrants will have their engines tagged before the start of the race.
 - b. The first 3 places in will have engines inspected at end of day.
- 4) Each class is required to have 6 paid entries by the deadline date to qualify for the event.
- 5) Additional safety requirements:
 - a. All FE Lipo batteries must be removed from hulls while charging. They should also be charged on a separate table/area and not inside a trailer.
 - b. All pit areas must have a fire extinguisher that is easily accessible for use.

Sportsman Mono Rules:

1. Hull Specifications: The hull will conform to current NAMBA Gas Mono standards and may be of either wood or composite construction.
2. Engine Specifications:
 - a. Engines will be a Zenoah G260 PUM. The engine may run a stock 257 carburetor or stock WT-1027 (racing carb). No internal modifications are allowed. All replacement parts must be from the original manufacturer and the same type engine (Zenoah 260 to Zenoah 260). No part swapping from other manufacturers or engine types is permitted.
 - b. NGK CMR7H Spark Plug is allowed.
 - c. Zenoah GR26099 Starter Kit will be allowed. The pulley (part # 848-ESZ-7520) of the EZ pull starter may be modified for the purpose of not using the spacers (part # 848-8Y4-6100).

PADDLEBOAT RULES AND REGULATIONS

Paddleboat Racing has become a tradition at the NAMBA Nationals.

Racing will include the **Gary Johnson Sportsman's Class** and a **Modified Class**.

The rules for each are given below:

GARY JOHNSON SPORTSMAN'S CLASS:

Only those boats purchased at the present or past NAMBA Nationals are legal.

These paddleboats may not be modified in any way.

Construction Guideline for these boats:

1. Boats must be constructed from solid wood or plywood. No balsa or light ply please.
2. The paddle will be constructed of wood and no more than four blades. All blades shall be no thicker than 3/32 inch, no longer than 2 ½ inches, and not wider than 2 inches. No blade cupping or modifications please.
3. The boat hull should be approximately 15 inches long, ¾ inches thick and 6 inches wide.
4. The propulsion system will be a rubber band or bands, stretched across the transom between two screws or bolts and needs to be perpendicular to the boat's riding surface.
5. Placing the current NAMBA logo on the deck of the hull is recommended as the paddleboat then becomes a nice National souvenir.

MODIFIED CLASS:

Shape may be of any design. Hull must be at least 15 inches long.

Width and paddle size are open. Construction materials are open.

All boats must be propelled by paddles. No prop driven boats are permitted.

GENERAL RACING RULES:

NAMBA Nationals paddleboats may be decorated to add interest and individuality. Such decorations may include team names, colors, logos, or NAMBA number for easy identification.

No slippery stuff will be allowed on the rubber bands or boat's bottom. The host hotel has been gracious enough to allow the use of their pool and we do not want to pollute the water for the other guests.

Number of boats in a heat will be determined by the Contest Director with lake or pool size in mind.

First one to cross or hit the finish line will be the winner. Double elimination style racing is recommended.

Trophies will be awarded based on the number of entrants.
