June 13-18

2016 NAMBA Nationals

Wichita, Kansas

June 13th – June 18th

It is so hard to believe that a year has passed, and we are looking forward to another amazing week of racing with friends! A big thank you to Wes Jordan and the Wichita Radio Control Power Boat Club (WRCPBC) for sponsoring and hosting this epic annual event. As anyone who has put on one of these events knows, this is a big deal and it takes a huge commitment by a lot of people to make it all happen. I would also like to thank my NAMBA core team of Russ Stark, Al Waters, Robert Holland, Mark Grim, Tracy Osborne, and Jay Stone for all their amazing help in getting us ready for this race.

Please keep in mind that this is a week-long event and you will need to make sure that you take care of yourself. Plenty of water, rest, sunscreen and bug spray. While we are not going to really be in an area where the Zika virus is a concern, you can still be plenty miserable from Mosquito and Chigger bites. I know that when I go to a race I get so involved that I forget to eat and drink enough water and I usually pay the price for it.

We have lots of fun events planned for the week, including the traditional Welcome Party, Paddle Boat Competition, and our famous Awards Banquet. So make sure you get a schedule and plan so you do not miss anything. There are also lots of great local attractions in Wichita, like their amazing zoo. We are providing each of you a Visitor's Guide with your welcome packet, so take a few moments and pick some fun things out to do with the family.

Team Ed (myself) will be providing lunches for four of the days of racing, and we will announce those days and what we are having during the Driver's meeting each day. For the other days you will need to arrange lunch on your own. I would love to meet you, so if we have not met, please grab my hand and shake it. I am also known as the "patch guy", so if you are looking for some fun racing patches come and see me!

I hope you find this week a rewarding and memorable experience and I would love to hear any feedback you have about the race to help us improve the event!

Team Ed

In Memory of the Great Jim Wilson NAMBA 565

1946-2016

Welcome Racers

Our local model boat club, WICHITA RADIO CONTROL POWER BOAT CLUB and District 17 of NAMBA International cordially wish all of you a most fun 6 days in Wichita.

We have enjoyed making this event special for each of you and hope you will like our Midwestern city, our outstanding pond, our friendliness, and just good ole boat racing.

The real purpose of this event is to have fun and meet new friends... and maybe get around the pond 6 times fast... but just don't forget to have fun.

Thanks for coming and HAPPY BOATING!

Wes Jordan
Contest Director

Dear Nationals Contestants,

I would like to personally welcome you to the 2016 NAMBA Nationals. I am so glad that you are able to join us for the 45th annual running of this great race!

The last time the Nationals were held in Wichita, Kansas was in 1988. I spoke with a couple of racers that were at that event and they offered me some advice, “when the tornado warning sirens sound, do what the local guys are doing. They will know what to do and where to go!” So keep your eyes and ears open everyone.

I have been fortunate enough to have raced all over the country, and while I have always enjoyed the racing part of it, the most enjoyable part for me about the Nationals is the people. It is an opportunity to spend time with people that we don’t get to see the rest of the year. So make sure you get around and see everyone, because it’s the people you spend time with and the new friends you make that will be your fondest memories.

While we are all here trying to win a National championship, and the race committee is doing everything possible to host this great event, it is still up to each and every racer to show good sportsmanship and most of all have fun. So let’s all do our part and make it a great time for everyone!

Good luck,
Russell Stark
NAMBA President

Then & Now...

It's been 28 years since the Nationals were last held in Wichita. When you look back at things that have changed in that time it's interesting to also note those things that stay the same...

- Entrants at this year's event come from 11 different states, compared to 12 previously.
- Of the 77 entrants that made it to the 1988 event, 4 of those are joining us again this year: Al Hobbs, Dave Bestpitch, James Osborne, and John Borden.
- Over half the classes running this year are gasoline powered, but back then all of the classes were nitro powered - as gas and electric classes didn't start running at Nationals until 5 years later. The core nitro classes of A, B, C, X Mono and A, B, C, X Hydro are still running today.

The more things change, the more they stay the same...

Classes that ran back in 1988 along with their winners...

Our town...

Wichita is the largest city in the state, and the 49th largest in the US. The city began as a trading post on the Chisholm Trail in the 1860s, then became a key destination for cattle drives traveling north from Texas to access railroads - earning the nickname "Cowtown". In the 1920s and 1930s businessmen and aeronautical engineers established a number of successful aircraft manufacturing companies in Wichita. The city transformed into a hub of the US aircraft production and became known as "The Air Capital of the World."

From "Cowtown" in the late 1800's to "The Air Capital of the World" today...

Things to do...

Locally:

Sedgwick County Zoo
Botanica: The Wichita Gardens
The Keeper of the Plains
Museum of World Treasures
Old Cowtown Museum
Exploration Place
Old Town
Great Plains Nature Center
Wichita Art Museum
Sedgwick Park

Statewide:

Kansas Cosmosphere and Space Center
Boot Hill Museum
Kansas State Capital
Dwight D. Eisenhower Library and Museum
Fort Larned National Historic Site
Monument Rocks, the Chalk Pyramids
Schlitterbahn Waterparks and Resorts
Tallgrass Prairie National Preserve

NAMBA Hall Of Fame

NAMBA International traces its roots to 1972 and continues to grow each year. This growth can be attributed to the efforts of dedicated members willing to sacrifice their time, talent, and ideas for the promotion of model boating. The Hall of Fame is not a popularity contest nor is it politically motivated. Induction into the Hall of Fame is an honor and recognizes members who have provided significant contributions to the growth and development of NAMBA. NAMBA International is proud to honor its members who have served/continue to promote model boating. Their contributions are varied and encompass all areas of the hobby. They have helped make model boating and NAMBA what it is today.
